

Covid Policy

We update our covid policy regularly to ensure it remains both current and compliant with current government guidance and laws. Our current policy is as follows:

- It is a legal requirement in Scotland for all staff and guests to wear masks when entering and moving around the building
- All our team take daily lateral flow tests
- We are asking all customers to complete their track and trace details and ensure that we have details of all parties in the building. These details will be stored in compliance with our privacy policy
- Hand sanitiser is available throughout the building
- Regular cleaning takes place throughout the building throughout the day and night
- From 27th December we will be required to run table service only – there will be no ordering at the bar.
- We are required by law to adhere to distancing guidelines and we ask all our guests to adhere to these rules.
- We ask that any guests with any symptoms of covid that they do not come to our premises.
